Amazing Grace (My Chains Are Gone)

[E pedal for 1st two verses]
[piano only]
```
  E                      A          E
Amazing Grace! How sweet the sound
                              B
That saved a wretch like me!
  E                     A         E
I once was lost, but now am found
                  B       E
Was blind, but now I see
```

[band enters quietly]
```
       E                          A          E
'Twas Grace that taught my heart to fear
                            B
And Grace my fears relieved
      E                     A         E
How precious did that Grace appear
              B       E
The hour I first believed

                          A
       My chains are gone
                         E/G#
       I've been set free
                       A                          E/G#
       My God, My Savior has ransomed me
                   A                    C#m/G#
       And like a flood His mercy rains
                   F#m  B          E
       Unending love amazing grace

  E                          A         E
The Lord has promised good to me
                           B
His word my hope secures
    E                      A         E
He will my share and portion be
              B       E
As long as life endures
```

[Chorus x2]

Amazing Grace (My Chains Are Gone)

```
      E                        A          E
The earth shall soon dissolve like snow
                        B
The sun forbear to shine
     E                       A        E
But God who called me here below
            B      E
Will be forever mine
            B      E
Will be forever mine
            B      E
Will be forever mine
```
