

Little Stronger

A¹

Who did you consult

G²

When the skies were made?

D³

Who did you call on to get the

A

Plans for space?

A

Who carved streams in mountains

G

When the world began?

D

Who mapped out the course of the

A

Rivers through the land?

A

So I'll sing a little stronger

G

I'll shout, shout it out now

D

Because of You

A

Because of You

A

You designed the flower

G

And make green grass grow

D

You rolled out the fields and

A

Sprinkle them with clover

A

Your breath is life itself

G

Life infusing clay

D

You give voice to ashes

A

And make the dust awake

[Chorus x2]

Little Stronger

A2⁴

No matter how deep my pit or how far I've gone

Father, Father waiting when I've come back home

When this heart stops and this mortal life will cease

And I have finally found my everlasting peace

A⁵

Sing, sing, sing

G⁶

Sing it out

A

Sing, sing, sing

D⁷

A little louder now

[repeat]

So I'll...

A

So I'll sing a little stronger

G

I'll shout, shout it out now

D

Because of You

A

Because of You
